## International Traffic Medicine Association 20th World Congress

ITMA 2006 is hosted by

Victorian Institute of Forensic Medicine

**Royal Automobile Club of  
Victoria Conference Centre**

**Melbourne, Australia**

**16-18 October, 2006**

# 20th World Congress of ITMA - Melbourne, 16 - 18 October 2006

## Invitation

We are delighted to announce that the 20th World Congress of ITMA will be held from 16 to 18 October 2006 in Melbourne, Australia. ITMA is the only international professional organization dedicated to the advancement of Traffic Medicine and organizes world meetings covering virtually all areas of Traffic Medicine and its associated disciplines. It is now over 40 years since ITMA was formed and in that time many advances which have improved the lives of millions of people have been discussed at our meetings.

The ITMA congress will be of interest to a wide range of professionals involved in Road Safety, Transportation and Crash investigation. These include doctors, police, engineers, researchers, lawyers, policy makers and many others.

The venue for the Congress will be the new convention centre of the Royal Automobile Club of Victoria. This modern luxurious centre situated in downtown Melbourne has all the facilities necessary to make this meeting most enjoyable for all participants.

## Program Topics

Subjects that will be covered include:

- Hospital and emergency care of traffic crash victims
- Management of multiple trauma
- Engineering aspects of traffic crash prevention
- Traffic crash reconstruction and interpretation
- Forensic aspects of traffic crashes
- Alcohol drugs and driving
- Driver and passenger safety
- Driver assessment and testing
- Older drivers
- Education and research
- Public health and policy aspects of traffic crashes
- Traffic law enforcement
